[] and wife

Aside from substantive points already reported (see EGMA-67216, 4 Oct. only angle of reportable interest was fact that I met Griffith and wife for first time. (Griffith, however, has had considerable contact with the local military representative.) Apparently Griffith heads the combined forces staff and within Auswertung/Military probably is next in command after Grau. He speaks remarkably good English, and apparently is also quite fluent in Russian. He explained that he had been a prisoner of war in England, and also has spent time subsequently in the United Kingdom. He stated he had never been to the United States. I found Griffith forthcoming and interesting. He obviously has done considerable reading on the United States. According to Grau, Griffith is well respected within the Auswertung/Military group.
